

IEEE UA Website Project (Report)

- **The subject :**

The main problem addressed in this project is that many students are unaware of the value and opportunities offered by IEEE membership, which results in low engagement and limited participation. In addition, information about IEEE events is scattered across different platforms, making it difficult for students to stay informed. To solve this issue, the proposed solution is the development of a dedicated website that highlights the benefits of IEEE membership, showcases past events, and provides a clear list of upcoming activities. The platform also includes a registration section where new members can easily sign up and gain access to IEEE resources, ensuring a smoother and more organized membership process.

- **Website Architecture :**

- UI Design:

Phone users

- **Design process:**

First, I started by researching existing IEEE websites, including the official international website and the IEEE Lebanon Section website. Then, I looked for educational and informative websites with similar goals to gather inspiration and understand best practices. I also watched several YouTube tutorials on how to create university-style websites.

At the beginning, I struggled to understand the purpose of many HTML and CSS elements, so I studied the basics of these languages using W3Schools. Later, I found myself getting lost in constantly changing ideas about the final design and the number of pages I should include. To stay focused, I defined the main features I needed to implement and based on that, I decided to create three pages:

- 1. Home page :**

This page includes a hero section with a rotating photo gallery inspired by the IEEE Lebanon Section website. It also features an events section that presents past events with photos and short descriptions, as well as upcoming events displayed in a calendar format with brief details.

- 2. Why Register Page:**

Explains why students should register for IEEE membership, highlighting the benefits and providing numerical examples.

3. Registration Guide Page:

Provides step-by-step instructions on how to register, along with available payment options.

Throughout the development process, I faced several challenges. One of them was relying too much on ChatGPT, which sometimes resulted in unnecessary or overly complex code. And I also struggled with making the navigation bar responsive and adjusting the logo size correctly.

After learning about Photoshop and Adobe Illustrator, I incorporated them into the website. Since the Lebanese Independence Day was approaching, I designed a new background in Photoshop featuring a repeated cedar pattern with low opacity.

For Illustrator, I used it for the registration steps page: I needed to highlight a specific button in an image, so I created an ellipse shape, matched its size to the button, and colored it in red with low opacity to make it clear where students should click. I also created a ribbon-style Lebanese flag placed in the corners of the hero section.

ieee ua branch participation

Our Events

Mountain Hike Adventure

IEEE members enjoyed their time exploring nature, hiking through scenic trails, and discovering new places

Raspberry Pi Workshop

Participants learned how to program and connect hardware components using Raspberry Pi, gaining hands-on experience in innovation and embedded systems.

Blockchain Webinar

Members deepened their understanding of blockchain and Web 3.0 technologies, exploring how digital transformation shapes the future of engineering.

Upcoming Events

NOVEMBER 2025						
Sun	Mon	Tue	Wed	Thu	Fri	Sat
26	27	28	29	30	31	1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	1	2	3	4	5	6

This Month's Events

Nov 10, 2025

Society Day

Join us in campus event where you will discover the variety of societies in the faculty, their activities, facilities, and the benefits of joining.

Nov 28, 2025

Cyber Security Workshop

Organized in collaboration with Semicolon company to provide real-world defense techniques and best practices.

Dec 5, 2025

IoT Innovation Challenge

Participate in our annual IoT challenge and showcase your innovative solutions to real-world problems.

About IEEE

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity.

Empower Your Future with IEEE

Connect with innovators worldwide and unlock opportunities to grow, learn, and lead in technology.

Explore Benefits

Global Networking Opportunities

Connect with engineers and innovators worldwide.

Learning & Development

Access cutting-edge resources and educational opportunities

Career Development & Certifications

Boost your career with exclusive job resources and opportunities

Leadership Development

Develop essential leadership skills through hands-on experience

Activate Windows
Go to Settings to activate Windows.

Research & Innovation

Access to cutting-edge research and innovation opportunities

Contribute to Technological Advancement

As an IEEE member, you gain access to the latest research findings, can participate in innovative projects, and contribute to the advancement of technology across multiple disciplines.

Research Opportunities:

- Publish in IEEE journals (e.g., IEEE Access, Transactions on Robotics)
- Collaborate on research projects (e.g., Smart City innovation challenge)
- Collaboration opportunities with leading researchers
- Apply for student research grants (e.g., IEEE EPICS projects)
- Join paper competitions (e.g., IEEE Region 8 Paper Contest)
- Access research databases and standards (e.g., IEEE Xplore Digital Library)

[Explore Research Opportunities](#)

IEEE Registration Guide

Follow these simple steps to become an IEEE member and unlock a world of opportunities

1

Visit the Official IEEE Website

Start your journey by going to the official IEEE website:

<https://www.ieee.org/join>

Activate Windows
Go to Settings to activate Windows.

Payment Options

You can proceed with payment in one of two ways:

Option 1: Pay in Cash

Visit **Zahi Chami's office** and pay the membership fee in cash.

Option 2: Wish Money Transfer

If you don't have a card, send the membership fee **\$14** via any **Wish** branch to:

Account: 81850145

After payment, send us your **email and password** so we can complete the process on your behalf.
